## Summary

---

Front-End Developer with 2+ years of experience specializing in building responsive web applications and interactive user interfaces using React JS, Next JS, and TypeScript. Proven track record of implementing scalable solutions that optimize performance and enhance user engagement. Adept at collaborating in fast-paced team environments and translating design mockups into functional, user-centric applications.

## Technical Skills

---

**Frameworks & Libraries:** React JS, Next JS

**Languages:** JavaScript, TypeScript

**State Management:** Redux, RTK Query, React Query

**UI & Styling:** HTML5, CSS, SCSS, Tailwind CSS, Bootstrap5, Material UI, Next UI, Ant Design

**Tools:** REST APIs, Git, Bitbucket

## Experience/Projects

---

### Maple Tech Space PVT LTD

August 2023 – Present

*Junior React Developer*

*Thrissur, India*

- Developed complex user interfaces and web applications using **React.js**, **TypeScript**, and **Next.js**.
- Transformed **Figma** designs into responsive code, adhering to **UI/UX principles**.
- Utilized CSS preprocessors such as **Sass** and applied frameworks including **Bootstrap**, **Tailwind CSS**, and **Next UI**.

#### **The Canadian Home**

- Built a platform for **property buying, selling, and renting** in Canada, featuring advanced filters for price, city, bedrooms, bathrooms, and property type.
- Optimized website performance to comply with **Core Web Vitals version 2 standards**.
- Designed engaging **landing pages** for preconstruction properties and events.
- Developed dynamic websites for **Canadian Home Realtors**, supporting daily **blog** content.
- Developed a comprehensive **CRM system** for lead management and historical data tracking.
- Created customizable **email templates** for streamlined communication

### Bluehour Technologies PVT LTD

April 2022 – June 2023

*Junior Front-End Engineer*

*Kochi, India*

- Developed intuitive and visually appealing **user interfaces** using **React**, **JavaScript**, **TypeScript**, **CSS**, and **SASS**; implemented **responsive design** techniques to ensure optimal user experience across various devices.

#### **Bluehour Product Image Editing**

- Utilized **Konva JS** library to create advanced canvas features for **image editing (Auto Enhance, Auto Description, Auto Positioning)**, image resizing, and rotating.
- Optimized image sizes with different levels of **compression**.
- Contributed to building the **Admin Dashboard** of the **Bluehour App**.

### Luminar TechnoLab

December 2021 – April 2022

*Web Development Intern*

*Kochi, India*

- Developed a responsive UI using **JavaScript**, **React**, **CSS**, and **Bootstrap**; built a **MEAN stack bank application** leveraging MongoDB, Express.js, Angular, and Node.js.
- Created a Netflix app clone and various demo websites utilizing React.

## Certifications

---

MEA(R)N Stack Development Course

NACTET Certified

## Education

---

### Calicut University

Aug 2017– Sep 2019

*Master of Science in Computer Science*

*Calicut, India*
